Shopping in Telstra Connect

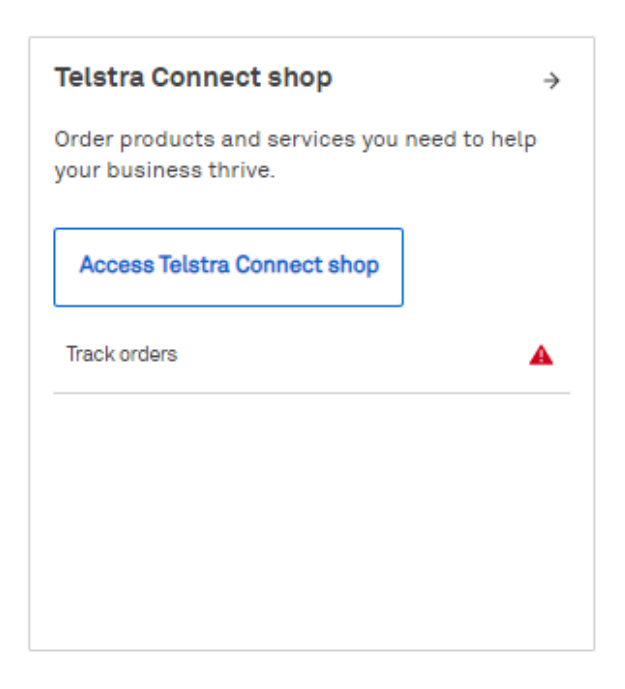

Here's a simple guide on ordering and configuring cross connect services on Telstra Connect Shop.

To access Telstra Connect Shop

1. If you have access to purchase through Telstra Connect, you can access the Telstra Connect Shop. You can get to the Telstra Connect Shop from the main dashboard of Telstra Connect at:
 - a. 'Shop' button on the top menu bar; or

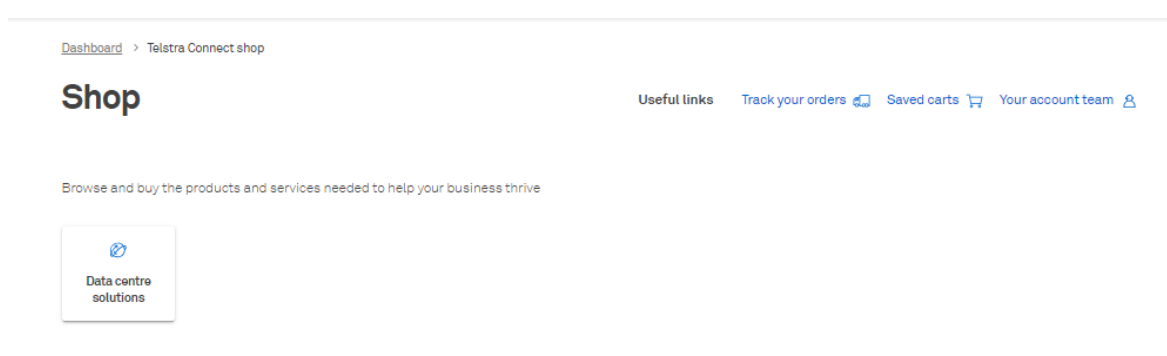

- b. 'Telstra Connect Shop' tile.

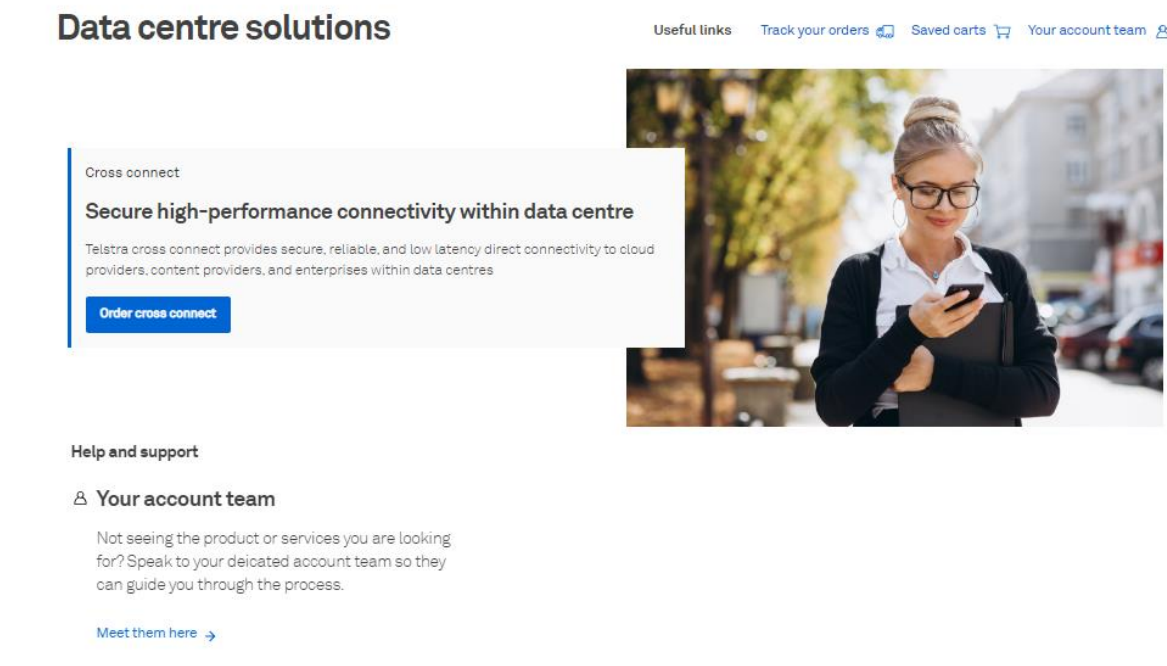

To find the product you need

1. Once in the Telstra Connect Shop, click on the appropriate tile to access the product you require. Currently only 'Data Centre Solutions' are available. As more products become available for purchase through the Telstra Connect Shop, more tiles will be added to this page.

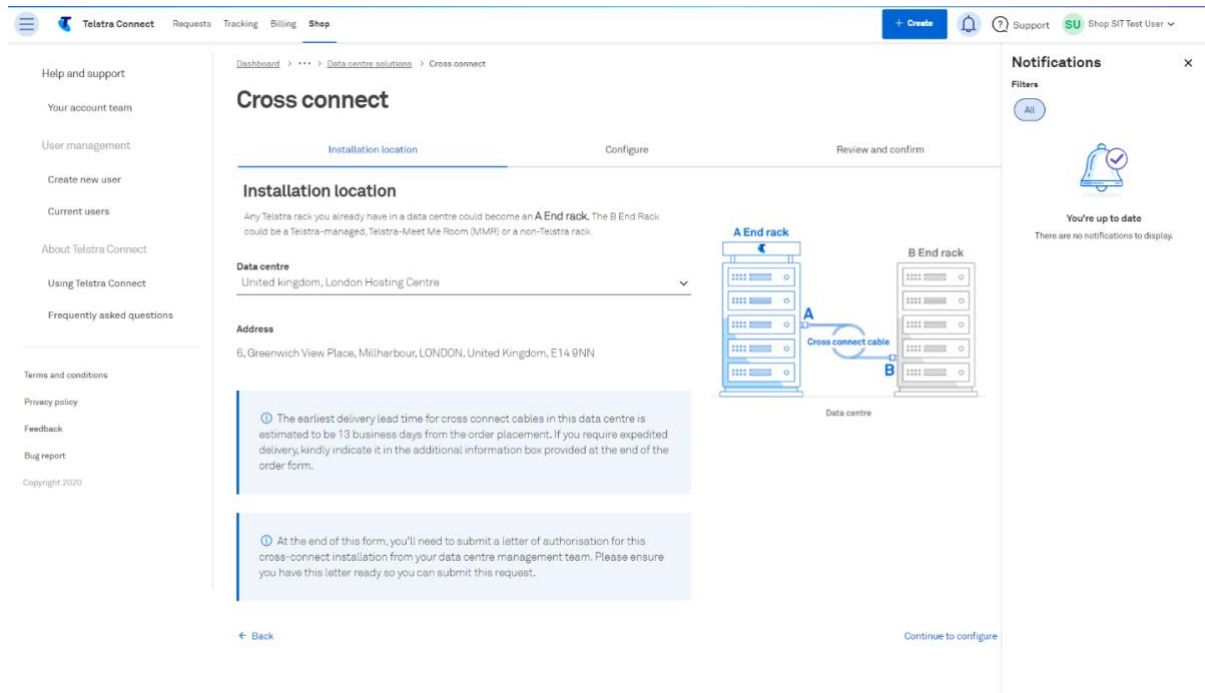

2. To order cross connect, click on the 'Order cross connect' button to navigate to the product configuration page. Please note that only customers with existing active data centre services can order cross connect through the Telstra Connect Shop.

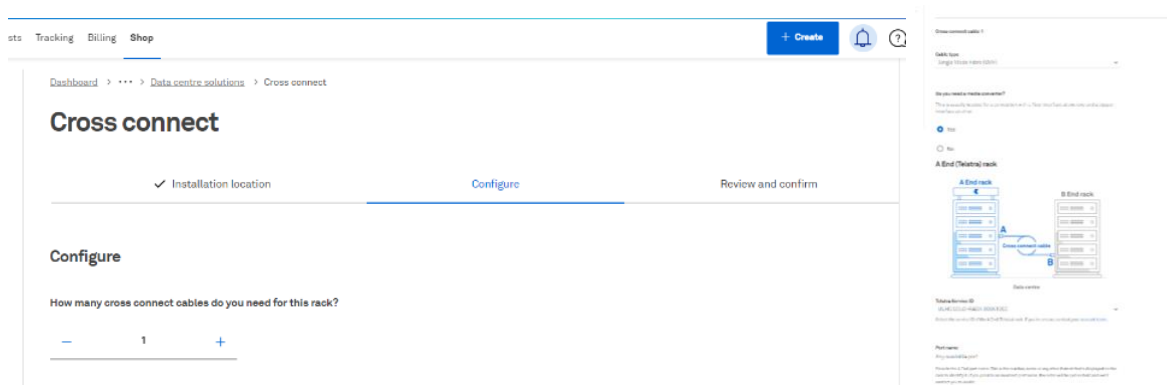

3. If you do not have existing active colocation services, the 'Interested? Let's connect' button will be displayed, and clicking on this will bring you to the 'Your account team' page. You may then contact your account team to set up colocation services.

To configure your product selection

1. Select the data centre for which the cross connect service is required. The associated address for that data centre and a note with an estimated delivery lead time will be presented. Please note that a letter of authorization may be required upon order submission.

2. Continue to the 'Configure' page to complete the product configuration and select the number of cross connects that you wish to purchase. Please note that all the configuration fields need to be filled before you can move on to the next step.

To review your selection

1. Upon completing all required fields on the 'Configure' page, click 'Continue to Review and Confirm' on the bottom right of the screen to proceed.

Review and confirm

Please review your selections before confirming the order. You can edit any changes required.

To finalise your order

1. Upon clicking 'Add to order', you will be presented with the 'Order Summary' page, which shows a price breakdown of your order.

Order summary [Clear order](#)

Item/s	Unit charge	Quantity	Excluding tax
Cross connect (HKEA)		1	\$1,398.00
Recurring charge	\$400.00		\$400.00
One-off charge	\$998.00		\$998.00
Cross connect (EQSY03)		2	\$3,468.00
Recurring charge	\$500.00		\$1,000.00
One-off charge	\$1,234.00		\$2,468.00
Total charge (first month)			\$4,866.00

2. Check that the delivery and payment details are correct, then attach a Letter of Authorisation (LOA). Note: the LOA is only required for certain data centres.
3. Under Order details, acknowledge that the services ordered are governed by the terms of your existing agreement with Telstra by clicking the checkbox that states "I agree to proceed with this order under the terms of my Agreement with Telstra". Next, agree to share any attachment that you have uploaded by clicking the checkbox that states "I consent to sharing the details of the attachments/s with Telstra agents and others in my organisation with Telstra Connect". Thereafter, click 'Submit Order'.

Order details

Review all the information on this page and make changes if necessary before submitting your order.

Item/s	Total Charge (first month)
Cross connect - Singapore, SGDS1, Single Mode Fibre (SMF), rtw to 324	\$350.00
Total charge (first month)	\$350.00

The Service/s ordered will be governed by the terms of your Agreement with us, including the Service Schedules, with all existing terms/charges applying.

I consent to sharing the details of the attachment/s with Telstra agents and others in my organisation with Telstra Connect access.

I agree to proceed with this order under the terms of my Agreement with Telstra.
