Telstra Purple

Workplace Capabilities

Help empower users and transform the way they collaborate and build solutions with best-in-class productivity apps and intelligent cloud services while keeping security and compliance in mind.

Our Workplace Capabilities

Automation

Microsoft Power Platform - an offering that is comprised of three key products to automate and build end to end solutions

Calling

Microsoft Teams – helps empower users to increase teamwork and collaboration with an integrated platform

Migration

Migrate to a modern workplace from legacy platforms (Microsoft 365, Office 365, Intune)

Welcome to the "world's productivity cloud", a global, secure, diverse, and user-oriented workplace

"**Microsoft 365**, Dynamics 365, and the **Power Platform**, on top of what we're doing with Azure, is the core of what we are doing as a company." - Satya Nadella, Microsoft CEO in January 2019

Automation, Calling, Migration

Telstra Purple

Microsoft 365 combines Office 365, Windows 10, and Enterprise Mobility + Security (EMS) into one license, you may also choose to purchase them with add-ons separately.

Benefits

Office 365 (Office Suite + Services)	Enterprise Mobility + Security (Intune + Security + AzureAD)	Windows 10 (License)

Benefits

Global reach
Roll out to offices in different countries around the world cost effectively and allowing global access to office applications and documents

Automated processes
Help empower and enable users to do more with less time to generate value and focus on other important works

Higher productivity
Greater teamwork and collaboration to help increase efficiency among users. Offload IT operations and Service Management to Azure

Secure personal device management
Access corporate apps and data in a secure manner via any compatible personal device. Restrict BYOD open access

Case Studies

Intune migration and rollout (Migration)

Problem: Client, due to increased security demands, required MS Intune enforcement to access cloud-based services from external locations such as personal devices and move away from their current solution

Solution: Implemented and enforced MS Intune across the globe from their current solution and conducted user adoption programs

Outcomes: Secure environment, secure personal mobile device management, global rollout

G Suite to Office 365 (Automation)

Problem: Client required to migrate from G Suite platform to Office 365 to meet the growing demands of the organisation and have a secure management of the employees' personal mobile devices

Solution: Migrated the client's assets including G Vault assets to Office 365 in an automated manner

Outcomes: High productivity, and faster project completion

Microsoft Teams (Calling)

Problem: Client required a successful user adoption strategy of the new technology in Office 365 especially MS Teams with well planned, organised change management

Solution: Deploy Office 365 with Microsoft Teams and successful adoption strategy

Outcomes: Greater and faster teamwork and collaboration with increased efficiency

Telstra Purple

Unite Your Business During a Crisis Period

**Offer –
Crisis Communication
Application**

The solution combines capabilities of Power Apps, Power Automate, Teams, and SharePoint to coordinate the company's own information sharing and team collaboration in response to evolving conditions in times of a crisis like COVID-19 pandemic. It can be used on the web, mobile or in Teams.

Key features include:

› Employees can report their work status (e.g., working from home) and make requests. This helps managers coordinate across their teams and helps central response teams track status across an organization Admins
› can use the app to push news, updates, and content specific to their organization, and can provide emergency contacts specific to different locations
› The app includes the ability to add RSS feeds of up-to-date information from reputable sources such as WHO, CDC, or a local authority
› User adoption strategy and training to effectively adopt the solution for better outcomes

Duration	One (1) day
Format	Assessment and Development
Agenda	**Technical Approach** › Create a location for your data (database) › Import both the Crisis Communication app and its admin app › Create content for the app › Import flows to send notifications to users › Create a centrally managed Teams team to aggregate data and to effectively respond to issues **User adoption strategy and training** › User adoption strategy › Training for necessary users
What you'll get	› A communication application during a time of crisis that can effectively share company information and coordinate team collaboration
Benefits	› Promotes and coordinates remote working arrangements › 'Push Notifications' capability without premium license › RSS feeds of up-to-date information from reputable sources such as WHO, CDC, or a local authority › Ability to add additional capabilities

Why Telstra Purple?

Largest Australian-owned team of technology services professionals – 1500 experts across four countries specialising in network, cloud, security, collaboration, mobility, software, data and analytics, and design.

We're committed to collaboration. We bring the best people across our organisation together with yours to design, build and deliver outcome based solutions.

Built on a foundation of acquisitions we are a powerhouse of demonstrable experience and expertise.

We've built strong partnerships with industry leaders including Microsoft (Gold), Cisco (Gold), AWS, Google Cloud Platform, Domo and more.

Telstra Purple orchestrates purpose-built solutions, with people at the centre. Bring us your opportunity. We're standing by to build and manage the solution.
