# Telstra Purple

# Workplace Capabilities

Help empower users and transform the way they collaborate  and build solutions with best-in-class productivity apps  and intelligent cloud services while keeping security  and compliance in mind.

## Our Workplace Capabilities

### Automation

Microsoft Power Platform - an offering  that is comprised of three key products to automate and build end to end solutions

### Calling

Microsoft Teams – helps empower users to  increase teamwork and collaboration  with an integrated platform

### Migration

Migrate to a modern workplace from legacy platforms (Microsoft 365, Office 365, Intune)

## Welcome to the "world's productivity cloud", a global, secure, diverse, and user-oriented workplace

"**Microsoft 365**, Dynamics 365, and the **Power Platform**, on top of what we're doing with Azure, is the core of what we are doing as a company." - Satya Nadella, Microsoft CEO in January 2019

**Automation, Calling, Migration**

# Workplace Capabilities

Microsoft 365 combines Office 365, Windows 10, and Enterprise Mobility + Security (EMS) into one license, you may also choose to purchase them with add-ons separately.

| Benefits |
|---|

| Office 365 (Office Suite + Services) | Enterprise Mobility + Security (Intune + Security + AzureAD) | Windows 10 (License) |
|---|---|---|

## Benefits

**Global reach**
Roll out to offices in different countries around the world cost effectively and allowing global access to office applications and documents

**Higher productivity**
Greater teamwork and collaboration to help increase efficiency among users. Offload IT operations and Service Management to Azure

**Automated processes**
Help empower and enable users to do more with less time to generate value and focus on other important works

**Secure personal device management**
Access corporate apps and data in a secure manner via any compatible personal device. Restrict BYOD open access

## Case Studies

**Intune migration and rollout (Migration)**

**Problem:** Client, due to increased security demands, required MS Intune enforcement to access cloud-based services from external locations such as personal devices and move away from their current solution

**Solution:** Implemented and enforced MS Intune across the globe from their current solution and conducted user adoption programs

**Outcomes:** Secure environment, secure personal mobile device management, global rollout

**G Suite to Office 365 (Automation)**

**Problem:** Client required to migrate from G Suite platform to Office 365 to meet the growing demands of the organisation and have a secure management of the employees' personal mobile devices

**Solution:** Migrated the client's assets including G Vault assets to Office 365 in an automated manner

**Outcomes:** High productivity, and faster project completion

**Microsoft Teams (Calling)**

**Problem:** Client required a successful user adoption strategy of the new technology in Office 365 especially MS Teams with well planned, organised change management

**Solution:** Deploy Office 365 with Microsoft Teams and successful adoption strategy

**Outcomes:** Greater and faster teamwork and collaboration with increased efficiency
